# REFLECTIONS

Hubbard Junior High School, Plainfield, New Jersey

# DEDICATION

The passing sands of time do not necessarily change the conditions in which man lives. It is the condition of men's minds that has brought us to the point of man's continuing to be inhuman to his fellow man. The attitude of men must change our lives. And this world, lies within our grasp, if we but will it. May you be infused with the spirit that imbues courage, persistence, resiliency, and love. Above all else, love one another.

## P.T.A.

"There will come a time, I know, when people will take delight in one another, when each will be a star to the other, and when each will listen to his fellow as to music. The free men will walk upon the earth, men great in their freedom. They will walk with open hearts, and the heart of each will be pure of envy and greed, and therefore all mankind will be without malice, and there will be nothing to divorce the heart from reason. Then life will be one great service to man! His figure will be raised to lofty heights—for to free men all heights are attainable, then we shall live in truth and freedom and in beauty and those will be accounted the best who will the more widely embrace the world with their hearts, and whose love of it will be the profoundest; those will be the best who will be the freest, for in them is the greatest beauty. Then life will be great, and the people will be great who live that life."
